Cost of failure due to non-conformance to set processes

# P3M Integration across models

# P3M Model – different perspectives

## Portfolio Mgt

- Are we taking up right initiatives to achieve our business goals?
- Is our governance right to ensure proper delivery of change initiatives?
- Are our limited resources deployed appropriately?

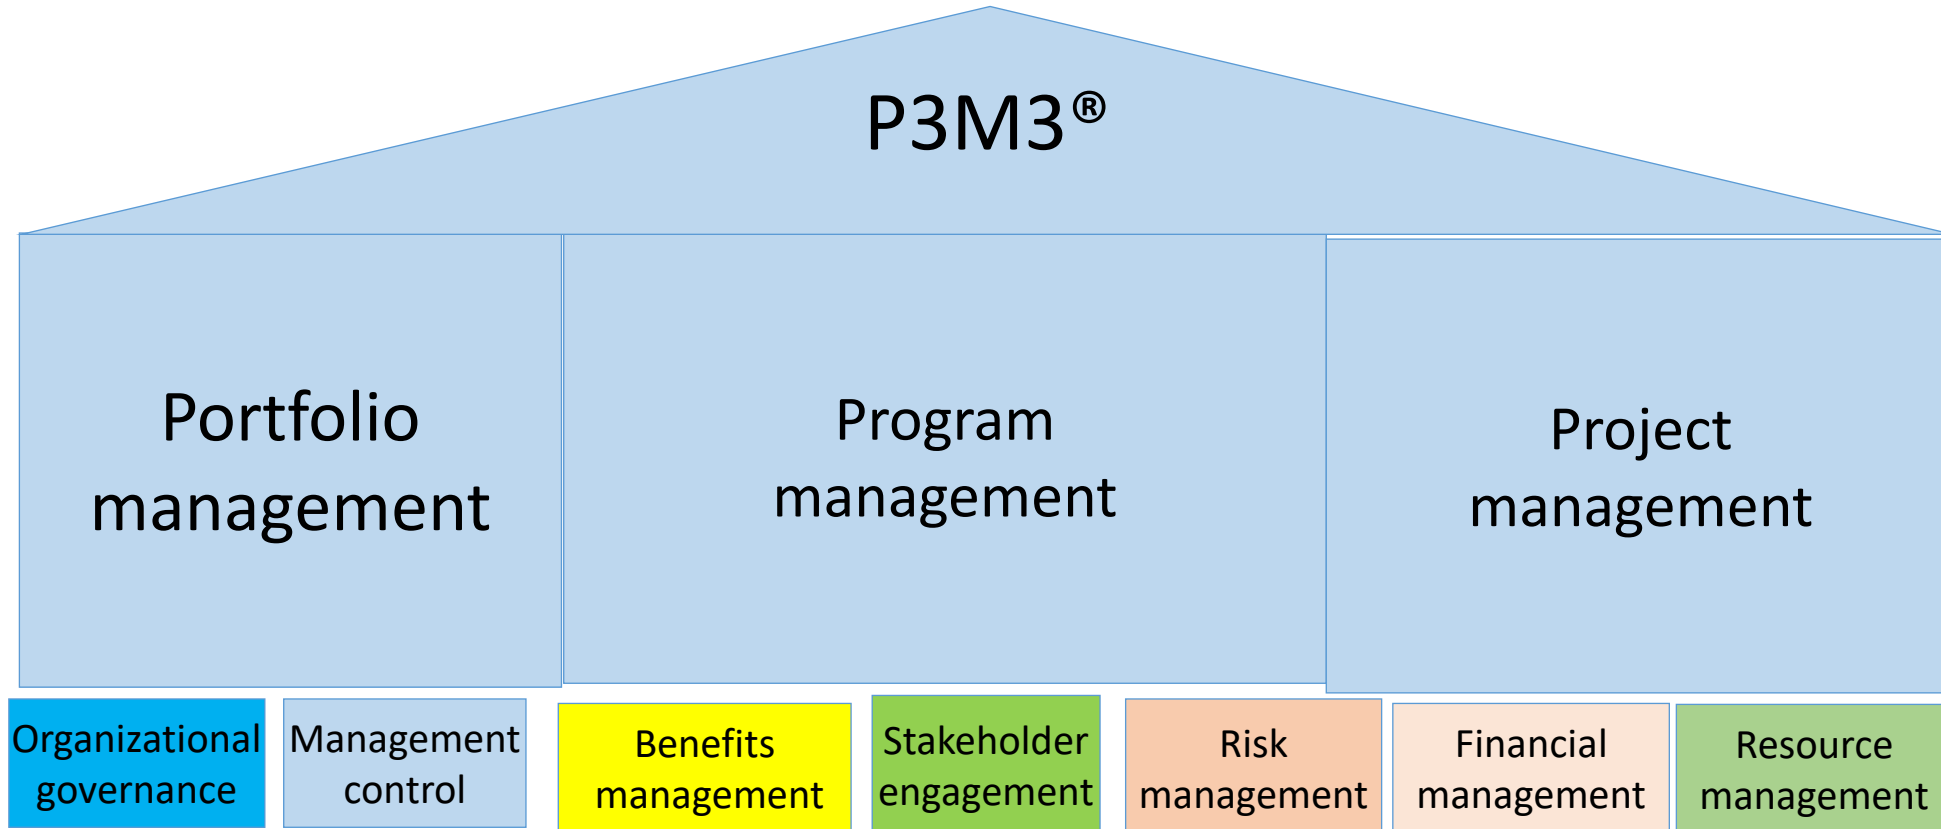

## Program Mgt

- Are we taking up right projects in the right sequence to achieve desired outcomes?
- Is the business getting right benefits ?

## Project Mgt

- Is the project delivering intended products?
- Are the projects closing with minimal time and cost overruns?

# Portfolio, programme and project management maturity model (P3M3®) - perspectives

Individual models exist at the portfolio, programme and project levels, with integration aspects

# Key pointers concerning P3M3<sup>®</sup>
